Dear Admiral Turner:

The responsibilities for explosive ordnance disposal (EOD) technology and training within the Department of Defense were established under Navy management control by DOD Directive 5160.62 "Single Manager Assignment for Military Explosive Ordnance Disposal Technology and Training (EODT&T)," dated November 24, 1971. Part of this charter provides for support in all aspects of explosive ordnance technology to the Central Intelligence Agency. As Executive Manager of the Department of Defense EOD technology and training program, I have instituted a realignment of duties and responsibilities within my immediate staff. A listing of key personnel contacts is provided as enclosure (1).

I trust this information will be of assistance to your office in the continuing mutually beneficial relationship that prevails.

Sincerely yours,

C. J. RORIE
